Dear Jayl,

**Re: Lyric writing and recording workshop with the Head Start group from
Headway Gloucestershire**

I would like to thank you for facilitating a fantastic workshop. The entire Head Start group really enjoyed the day and can't wait to listen to the recording.

Big thanks to Nicky for a delicious lunch.

I look forward to working with you again.

Many Thanks

Janice Rose
Manager, Head Start

By attending Head Start we hope it will help clients by:

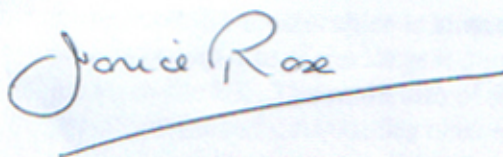

- Increasing self esteem and confidence.
- Increasing levels of independence.
- Motivating and supporting the development of new, existing and forgotten skills.
- Providing a safe environment where individuals can socialise with their peers and engage in age appropriate activity.
- Developing social skills.
- Providing guidance and support as they move into the community.

The Harmony school will be one of the scheduled activities for our clients. The plan is for our clients to spend some time with a vocal coach and then move onto doing some recording. It is also hoped that our clients may engage with the Harmony Online Radio Station.

The Harmony School was my first choice to facilitate a performing arts based activity for the Head Start Project. I have worked with Jayl, as my vocal coach for several years and have found his methods both inspirational and motivational.

I am looking forward to working with the Harmony studio and I know that our clients will have a fantastic time.

Yours sincerely

Janice Rose BSc (Hons)
